

GLOSSY MOKA 1750

LACQUER FINISH

Wood surfaces with glossy lacquer finish in various colors. The lacquer finish conceals the veins in the wood. The glossy lacquer finish is highly valued because it adds depth and uniformity to the surface color. This results in a mirror-like sheen. Products with a lacquer finish do require some special care. It is important to avoid using abrasive products and sharp objects.

The color shown in the image is purely indicative and could differ from the original; please refer to the sample.
